

H. S. STUDENT TALKS ON THE GAS QUESTION

Against Municipal Ownership of the Ypsilanti Gas Plant.

(Frank Damon)

It has been nearly thirty years since the franchise was given, which provided that a company should have the monopoly of selling gas to the citizens of Ypsilanti. During this thirty years there has been no serious dissatisfaction over the franchise and no serious criticism of the company. The service has never been poor enough to warrant investigation, and the price has been shown by the company to be cheaper than the average of Michigan cities. Therefore I think that it is just and wise that the franchise should be extended for another period of years. This is in view of the fact that the franchise company promises to make extensions and improvements, both in plant and service immediately. It is because of these improvements that the company asks for a renewal of its franchise, while the old one has still three years to run.

Let us suppose that the voters of Ypsilanti decide to make the gas plant a municipal institution. As there is no civil service commission in this city, the director of the gas plant would probably be elected by popular vote. This would mean that the most popular candidate for the directorship would be chosen to this position. He would certainly be a citizen of Ypsilanti. Therefore the head of the gas plant would not necessarily be a capable manager. He would have to master the details of a business which the franchise men have been learning for thirty years. He would probably select a new corps of employees, who would work in harmony with him. This would make it necessary to bring in outsiders to fill the positions or to choose totally inexperienced men from among the unemployed laborers of Ypsilanti. As the latter is the most probable solution we would have extremely poor service for several years at least, until these men could learn how to make gas properly.

The corruption and extravagance of American municipal governments are well known. As the management of the city gas plant is much less under the public eye than the city council and officials, there would be a very good opportunity for corruption, such as false accounts, false bids, and overpaid men. A public enterprise is never as economically run as a private one. The tendency is to extravagance and carelessness, as the management has

CHERRY HILL SCHOOL IS CLOSED AFTER GOOD YEAR

After a very successful year the school at Cherry Hill taught by Miss Ethel Gunn closed Friday with appropriate exercises. About 100 guests were at the school house to enjoy the program that had been prepared by the pupils under the careful direction of Miss Gunn, and following the exercises ice cream and cake were served. Among the guests from Ypsilanti were Mr. and Mrs. George Johnson and Mrs. John P. Kirk and daughter, and Mrs. J. P. Cooney.

MEMORIAL SERVICES AT M. E. CHURCH

All ex-soldiers and members of Relief Corps are reminded that we assemble tomorrow in front of Post rooms to leave sharp at 9:45 for Memorial services at the M. E. church. The Signal Corps have been requested to act as escort.

Rev. Mr. Leeson has been asked to weave in the customary Memorial Day oration with his patriotic sermon tomorrow. By reason of the encampment this year it was decided to forego the usual public exercises May 30. The Old Boys will march to the cemetery to decorate the graves and return to the post rooms where the W. R. C. are to serve dinner.

I would like to urge upon the good people of Ypsilanti to observe Memorial Day by suitable decorations of homes and business places. Note the Mayor's proclamation in today's issue of The Press.

PROCLAMATION

The love of liberty has always been the ruling passion of our Nation. A prominent family in the evolution of Grecian freedom gave our city its envied name, Ypsilanti.

We have invited the G. A. R. of Michigan to hold its 33rd Annual Encampment in this city. In order to fittingly welcome this honored body every business house, every factory and shop, school and church and especially the homes within our boundaries and suburbs and along the electric lines, should be decorated with flags and bunting for the great occasion.

Next Tuesday, May 30, is Memorial Day. Wednesday, June 14, is Flag Day. Ypsilanti has never observed these great days in the spirit of their founders because we have been remiss in providing appropriate decorations.

Our stores have laid in thousands of flags and an endless supply of bunting. To encourage in every manner possible the proper display of patriotic emblems for the coming gathering, our dealers have on hand flags of all sizes, which they are selling at, practically, cost.

Therefore, I, Tracy L. Towner, Mayor of Ypsilanti, do enjoin and urge our entire people to provide, NOW, flags and bunting, in order to properly decorate our entire city on these patriotic days in a manner befitting Memorial Day, Flag Day, and the coming of the Men of '61-'65 upon June 21, next.

Dated at Ypsilanti, Michigan, this 27th day of May, 1911.

TRACY L. TOWNER, Mayor.

ENCAMPMENT COMMITTEES TO MEET MONDAY

All the members of the various committees, men and women, on Encampment arrangements are requested to meet at the home of Captain Woodman on Ellis street next Monday evening at 7:30 o'clock sharp.

There are many things to be considered among them the naming of a large reception committee of active citizens who will regard it a privilege and honor to stand in the receiving line with the officials of the G. A. R. and auxiliary societies at the time of the reception Wednesday evening, June 21, to greet personally the men of '61-'65 who helped make possible this great land of marvelous and unrivaled commercial, industrial and social opportunities.

H. C. RANKIN, Chairman.

DETROIT BOYS ENTERTAIN ANN ARBOR AND KALAMAZOO CLUBS UNDER CARE OF D. A. R.

Detroit, May 27.—The boys' club of Detroit, under the direction of the American Revolution, entertained the boys' clubs of Ann Arbor and Kalamazoo at Belle Isle park Friday. There were 25 from Ann Arbor and 45 from Kalamazoo. They went in a special car and were carried from the Michigan Central in automobiles to various spots of historic interest in Detroit. They were conducted by the new regents of the Louisa St. Clair Chapter, Mrs. Stoddard and her associates.

HILLSDALE GETS ONE LONELY RUN; ALMA WINS MEET

The Normal baseball team defeated Hillsdale by the overwhelming score of 13 to 1 at the game Friday afternoon on the Normal campus. The Baptists were entirely outclassed at every point making five errors and allowing 11 stolen bases.

Bell starred for Ypsilanti, getting 15 strikeouts although he allowed eight hits. Rosencantz of the visiting team was sent to relieve Bach in the fourth inning but was not able to last till the end of the inning.
Innings 1 2 3 4 5 6 7 8 9

NORMAL GETS SECOND PLACE IN TRIANGULAR MEET HELD HERE TODAY
The triangular meet held today at Recreation Park: Alma won first place, Ypsilanti second, and Mt. Pleasant Normal third.
The scores were: Alma, 72; Ypsilanti, 33; Mt. Pleasant, 25.

All stores and meat markets in the Merchants' Delivery Association will be closed all day Tuesday, May 30, (Memorial Day). Please give Monday orders as early as possible.

NO OIL PROSECUTION

Wickersham Replies to Senator Pomerene's Resolution.

Answer Does Not Mean Necessarily That Standard Officials Will Not Be Prosecuted.

Washington, May 27.—Attorney General Wickersham replied to Senator Pomerene's resolution directing him to report to the senate whether any action has been taken to prosecute criminally the officials of the Standard Oil company. His reply says:

1. No action has been taken to criminally prosecute any officers of the Standard Oil company.

2. No action is pending to the end that any officers of the Standard Oil company are to be criminally prosecuted.

Attorney General Wickersham explains that this does not mean necessarily that the officers of the Standard Oil company are not to be prosecuted for violations of the Sherman anti-trust law. He says it means that he answers categorically the questions asked in the resolution and nothing more.

STUDENT IS NEAR DEATH

Purdue Union Tries Concoction of Poisons on Himself.

Lafayette, Ind., May 27.—Charles T. Shertzer of Bloomfield, a junior in the school of pharmacy at Purdue university, is in a critical condition as the result of an experiment he undertook in the chemical laboratory. Shertzer tasted a compound of different chemicals which contained arsenic and a moment later he was unconscious. An hour's work restored him to consciousness, but his condition is still serious.

Storm Ravages Durham, N. C.
Durham, N. C., May 27.—A cyclonic storm struck Durham, wrecked the Venable Tobacco factory, blew down every trolley wire, set on fire and destroyed the Chatham Hosiery company's knitting mills, burned out half the telephone system and wrecked every street car. The damage exceeds \$200,000. No lives were lost.

MADERO DETAILS TERMS OF PEACE

Expresses Utmost Confidence in President De La Barra.

RESIGNS AS REBEL PRESIDENT

Undercurrent of Dissatisfaction Manifested Among Soldiers, Who Cling to Their Fighters Rather Than to Their Statesmen.

El Paso, Tex., May 27.—Francisco I. Madero issued a manifesto renouncing his title of president of the provisional government and explaining the peace terms reached between himself and the federalists.

He expresses the utmost confidence in the good faith of Francisco De La Barra while he holds the office of temporary president of Mexico, and says the insurrecto troops are at the disposal of De La Barra in restoring peace in Mexico.

Madero explains that he did not hold out for all that he and his party declared for at San Luis Potosi last November, when they demanded that all governors must be swept aside, because he had a chance to get peace by accepting one more than half the governorships and he considered this agreeable, especially since the resignations of Diaz and Corral were also promised and new elections are to be held.

Madero was asked if he would announce his candidacy for the presidency of Mexico and he said he would not, that such a thing was not considered proper in his country, but his friends would advance his name at the proper time.

There is an undercurrent of dissatisfaction among the rebel army, even that part of it in Juarez, as is shown in a communication sent by the fighters to General Orozco and Colonel Villa, informing them that the faith of the men is in their military leaders and not in their provisional president, nor in De La Barra. The soldiers also suggest that it should be their right to select the presidential candidate at the coming election.

Effort is being made to restore telegraph and railroad communication south to Chihuahua and Mexico City, so that Madero can go on to Mexico City and join De La Barra in his work. Madero has set no date for departing. The legislature of Chihuahua has been summoned by Miguel Ahumada, governor, who will resign and present the name of Abram Gonzales, provisional governor, for the position. No trouble has been reported regarding installing of insurrecto governors in any state other than Coahuila. There Madero ordered his soldiers to take the capital.

KEEP DEATH A SECRET

Zion City Citizens Feared Ghouls Would Steal James Currie's Body.

Waukegan, Ill., May 27.—Fear that ghouls would steal the body and hold it for ransom led followers of Wilbur Glenn Voliva at Zion City to conceal the fact of the death of a millionaire, James Currie of Big Springs, Tex., for nearly a week, or until a burglar proof steel vault could be installed at the Zion City cemetery.

Currie owned 45,000 acres in Texas and an expensive home in Zion City, where he had lived for the last two months with his wife and two children as a member of the Zion church. He died Monday and, beyond the mere filing of a death certificate, no information of the death was given out till the body was buried in the steel vault.

LYNCH OKLAHOMA NEGROES

Woman and Son Had Shot Officer Searching Their Home.

Muskogee, Okla., May 27.—News was received here of the lynching of Mrs. Mary Nelson, colored, and her eighteen-year-old son at Okemah, Okla. An armed mob battered down the door of the county jail, bound and gagged Jailer Lawrence Payne, took the two negroes to the Canadian river, six miles away, and hung them to a bridge.

Two weeks ago Deputy Sheriff George Loney was shot and killed while searching the Nelson home for some stolen goods. The woman and her son were arrested and confessed that they had deliberately laid a plot to kill Loney.

Fordney Hopes to Land Taft

Owosso, Mich., May 27.—Congressman Fordney has received a reply to an invitation to President Taft to come to Owosso and Saginaw when the president pays a visit to Michigan in September. The president's secretary, Charles D. Milles, writes that when the schedule for the western trip is taken up, careful consideration will be given to Mr. Fordney's wishes.

DANCE FOR BENEFIT OF CITY BASE BALL TEAM AT THE TEMPLE TUESDAY

A dancing party will be given at the Masonic Temple Tuesday evening for the benefit of the city base ball team. The new suits for the team are here and the skill which the team has been showing together with the added appearance which the new suits will effect promise to make up a base ball representation that the city can look upon with pride.

STUDENT IS STRIPPED AND DESERTED AT THE CARNIVAL

Boo-o-o I'm cold—nearly frozen—loan me your coat, boo! That was the introduction Officer Pierce received to an Ann Arbor student on Washington street about 1:30 this morning. The visitor was arrayed in a sleeveless and short legged union suit of underclothing, and with chattering teeth and knees knocking from cold he was dodging about in the shadows as near town as he dared approach, waiting vainly for a friend or fellow student who might give him a "lift."

Just how long he had been there, Mr. Pierce does not know, but his clothing had evidently not been there for some time. "I was dressed all right, when I came over," the young fellow declared, "but I guess I've been touched, say now, won't you loan me your coat?" Officer Pierce could hardly see his way clear to sacrifice his coat under such conditions, but he succeeded in rounding up some students at the early morning train who enjoyed a good laugh and finally volunteered one coat and in the scant union suit and a borrowed coat he pattered with bare feet onto the train and headed for Ann Arbor.

It seems that earlier in the evening the student was one of the party that came for a good time at the carnival. Before going to the carnival, however, he had visited several places about Ypsilanti such as are not found in dry towns and partook liberally. His load eventually became too heavy and he sought a place on the outskirts of the grounds for a quiet nap. The opportunity was evidently considered too good to pass and his clothes, with the exception of a single garment, were taken into custody either by other students or a tramp, leaving the unfortunate victim to wend his way homeward as well as he might and at whatever hour he chanced to awake.

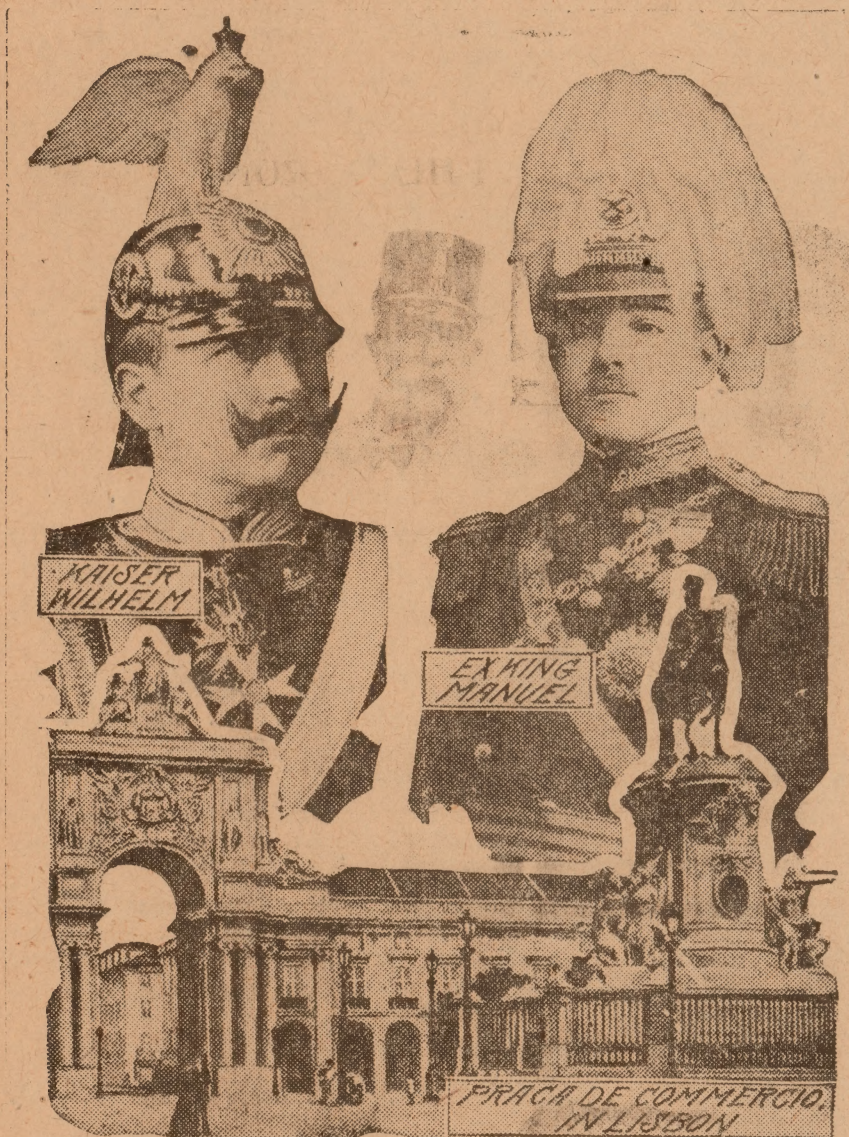

All stores and meat markets in the Merchants' Delivery Association will be closed all day Tuesday, May 30, (Memorial Day). Please give Monday orders as early as possible.

AUSTRIAN EMPEROR, WHOSE CONDITION AROUSES WORRY, AND HEIR TO THE THRONE

Vienna, May 27.—Notwithstanding the reassuring official reports concerning the emperor's health, there is a widespread feeling that his condition is less satisfactory than represented. The news that Professor Neussed had paid a professional visit to the emperor resulted in a weakening of the course. The emperor has been ill much of the time of late, and owing to his advanced age he has thus become very feeble. Emperor Francis Joseph is at Goedoele, at the royal chateau. Archduke Ferdinand, who will succeed to the throne at the emperor's death, holds the rank of general as well as admiral. He is an acknowledged authority on military affairs. Born in 1863, he offended members of the royal family by contracting a moribund marriage.

GERMAN KAISER AND EX-KING BELIEVED TO BE STARTING NEW PORTUGUESE REVOLUTION

London, May 27.—News from Lisbon and Oporto, Portugal, indicates that the riots and disorder that have prevailed in those two cities have been caused by the feeling against the present government and in favor of the restoration of ex-King Manuel to the throne. The visit to Manuel of Kaiser Wilhelm of Germany while the latter was in London is widely believed to indicate that the German monarch is supporting Manuel's ambition to return to the throne of Portugal. President Braga of Portugal is preparing to defend his position by making overtures to the army and navy. Open demonstrations against Braga are hourly expected in Lisbon, and should they occur the Praca des Comercio, shown in the illustration and in the heart of the city, will be the scene of counter revolutionary operations aiming to replace Manuel on the throne. In Lisbon it is thought that Kaiser Wilhelm is actively supporting ex-King Manuel.

GARY SHOULD HAVE TAKEN
GEIST AT HIS WORD QUICKLY.

It is reported that Charles H. Geist, the Philadelphia gas and traction magnate, who got such a valuable franchise from the Gary common council last week for practically nothing, has ridiculed the idea that it was worth a million and is reported as having said that he is willing to sell it to anyone for fifty dollars. Here is where Gary should have taken him at his word mighty quick and tendered the fifty dollars before he could have backed out. But Mr. Geist didn't propose to give them a chance to do this apparently, for he proceeded to say that work would start on building the lines within a short time.

This franchise was obtained for the Calumet United Railway company, a \$5,000,000 concern.

The lesson for other cities in this disgraceful selling out of the common council of Gary to this non-resident corporation and giving it almost a perpetual franchise, (for a 50-year franchise is practically perpetual, so far as the present generation is concerned at least), is this: had the character of the city of Gary contained wholesome principles of the initiative, the referendum and the recall, no such an outrage as this could have tied the hands of all the people of the city to this corporation for half a century or any other time without their approval. And the public indignation meetings which they have held plainly indicate that their approval would not have been forthcoming. We doubt not that in less than half the life of this franchise the territory between Gary and Chicago will be built up solid and the value of that franchise will be ten times what it is today. If the people had the power to demand a referendum on that franchise, they could dispose of the franchise, and they could simultaneously proceed with the recall and oust the mayor and those councilmen who have sold them out.

THE CONQUEROR.

It's easy to laugh when the skies are blue
And the sun is shining bright;
Yes, easy to laugh when your friends are true
And there's happiness in sight;
But when Hope has fled and the skies are gray,
And the friends of the past have turned away,
Ah, then indeed it's a hero's feat
To conjure a smile in the face of defeat.

It's easy to laugh when the storm is o'er
And your ship is safe in port;
Yes, easy to laugh when you're on the shore
Secure from the tempest's sport;
But when wild waves wash o'er the storm-swept deck
And your gallant ship is a battered wreck,
Ah, that is the time when it's worth while
To look in the face of death with a smile.

It's easy to laugh when the battle's fought
And you know that the victory's won;
Yes, easy to laugh when the prize you sought
Is yours when the race is run;
But here's to the man who can laugh when the blast
Of adversity blows, he will conquer at last,
For the hardest man in the world to beat
Is the man who can laugh in the face of defeat.

ROBBED OF \$45

Mrs. M. M. Read reports her pockets picked while returning from Detroit on the 9:45 D. J. & C. car this morning and a pocketbook containing \$45 taken. Word was telephoned ahead to Ypsilanti and Officer Pierce met the car at the city limits but the thief was not located.

MISS BLAIR QUEEN

The coronation of the queen of the carnival, which was the feature of the evening at the carnival grounds, Friday took place in front of the Mamie show at 8:30 o'clock. Miss Marian Blair was awarded the first diamond ring which was placed on her finger with a masonic wish, Miss Millie Schlicht the second diamond ring, Little Misses Ellen Blair and Harriet May the beautiful big dolls, and Henry Phillips the boy's bicycle.

PIERCE GOT 'EM

Latelast night Officer Pierce was notified that an auto had been stolen from the Abbott garage in Ann Arbor and that it was being brought this way. Within a few minutes along came the machine and the junior officer in his customary daring manner planted himself in its path and demanded the driver to wait a while. Three men were in the machine and they were promptly marched to the city jail.

Mr. Abbott was notified that the machine and passengers as well were in good custody and awaiting his further demands. The offenders, whose names are reported as Harry Wolgast, A. J. Newman and J. Butler, were taken back to Ann Arbor and this morning were fined \$15.75 each.

INITIATIVE AND REFERENDUM LAW

Washington, May 26.—Florida is the last of the "corner states" following Maine, Washington and California, to line up for the initiative and referendum. The principle has now been placed in the constitution of eight states: Oregon, Oklahoma, Nevada, Missouri, Montana, South Dakota, Arkansas and Maine and of Arizona, the near states.

Seven states in which the legislatures have, within six months, voted to submit to the people amendments to their constitutions for the adoption of the initiative and referendum are: Colorado, California, Washington, Wyoming, North Dakota, Nebraska and Florida, where it was approved by the legislature. The question has been in the legislatures of Michigan, Wisconsin, Ohio, Indiana, Massachusetts, Pennsylvania and Maryland.

THROW OUT THE LINE

Give the Kidneys Help and Many Ypsilanti People Will Be Happier. "Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them?

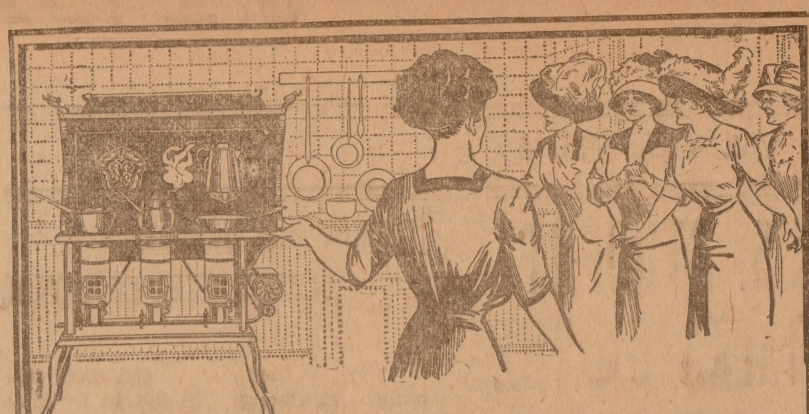

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Mrs. Catherine McCullough, 10 E. Congress St., Ypsilanti, Mich., says: "I was often troubled by pains in my shoulders and could hardly walk. My kidneys were badly disordered and the kidney secretions were unnatural. Last winter I read of Doan's Kidney Pills and was led to procure a supply at Weinmann-Matthews Co.'s Drug Store. I began their use and in a short time felt so much better that I continued taking them until the pain and lameness in my back disappeared and my kidneys were restored to their normal condition. I am now eighty-one years of age and I attribute my good health to the use of Doan's Kidney Pills."

"The Best in the World"

As the bride led her friends into her cool, spotless kitchen, they broke into a chorus of approval.

"Well, I am proud of it," she said, "and proudest of all of my stove. It's a New Perfection Oil Cook-stove, and I think they are the best in the world. They toast, roast, broil and bake equally well—really to perfection—and the kitchen stays much cooler and cleaner than with any other range. This stove cuts my kitchen work almost in half."

There is no wood or coal to carry for a New Perfection; no ashes to clean up. It is ready for use as soon as lit; out at a touch of the fingers—economical as well as quick and convenient.

New Perfection
Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

SPORTING NEWS

WHY THE CLEVELAND CLUB FAILS TO WIN.

Hughey Jennings explains the mystery of the Cleveland club's failure to win more games with such heavy artillery as the team has to support the pitchers. Hughey the observant says: "Cleveland doesn't know how to score runs when it gets the chance. It wastes opportunities, and its attack, for all its big caliber guns, is seldom concentrated and never timed with any forethought." If a scheme of the Jennings sort had hold of the club it would make runs.

JAKE DAUBERT A WONDER.

Brooklyn's First Baseman Threatens to Usurp Throne of Hal Chase.

Jake Daubert, the young first baseman of the Brooklyn Nationals, threatens to dethrone Hal Chase as the king of first sackers. While American league supporters are loath to class Daubert as the equal of Chase, there are thousands of fans in the National circuit that consider the Brooklyn boy as good as the Yankee star. Some have gone further and have proclaimed Daubert the king of guardians of the initial station. One of Daubert's heartiest supporters is Charley Doolin, the peppery manager of the Phillies. In Charley's estimation Chase never compared with Daubert, "and," adds the fiery topped leader, "Jake has not yet attained his top form."

From the viewpoint of many, Daubert is a harder and more dependable hitter in a pinch than youthful Hal; also Daubert can throw with more accuracy to second or third base. As a graceful fielder the Daubert adherents concede that point to Chase; but, they insist, Daubert can go as high

JAKE DAUBERT, BROOKLYN'S CLEVER FIRST BASEMAN.

for a throw and reach out as far from the base as Chase ever did. As to which has the faster thinking ability is a mooted question.

This is Daubert's second year in fast company, and he is learning in every game. Without question Daubert is one of the most promising first basemen that ever flamed his way into the major leagues, and if he continues to improve at the rate that he has shown since he donned a Dodger uniform the fans will do homage to him as the greatest first baseman that ever wore spikes.

LARNER VERSUS GOULDING.

Greatest Walkers In World to Compete In Toronto.

G. E. Lerner, the great English walker and holder of several world's records, will compete against George Goulding, the Canadian champion, in Toronto the second week of June.

Lerner won the walking championship at the Olympic games in London in 1908, with Goulding in third place. The latter, however, has improved wonderfully and seems destined to take the measure of any one he meets in a heel and toe event.

The Canadian A. A. U. recently passed a law putting the ban on special events, so that the coming race will have to be an open one, with but two stars as the possible contenders.

CURRENT SPORT TOPICS

Fifteen players of the Germantown Cricket club of Philadelphia will be sent abroad to play against the English cricketers in June. Dr. J. Norman Henry will lead the team.

More than \$2,000 in prize money will be distributed at the annual regatta of the Interlake Power Boat association at Put-in-Bay in July. The races will continue for three days.

More than 300 athletes, representing nineteen colleges, have been entered in the annual western conference meet which will be held in Minneapolis in June. Notre Dame is the favorite for the point trophy.

IS EVERS' CAREER ENDED?

Cubs' Brilliant Second Baseman May Never Play Ball Again.

Johnny Evers is out of baseball for all time, according to the news current in innermost baseball circles. The best second baseman since the days of McPhee and the keystone of the marvelous infield of the Cubs has

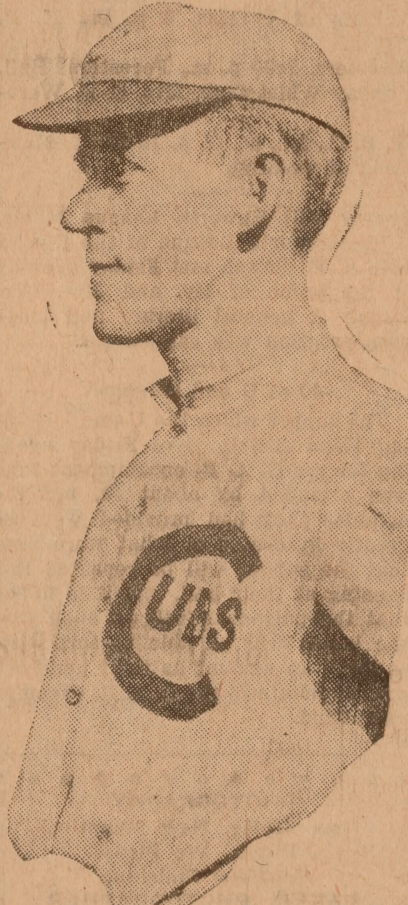

Photo by American Press Association.

JOHNNY EVERS, CUBS' STAR SECOND BASEMAN.

suffered personal losses and physical distress that have unfitted him for the game.

Those who should know declare that the player noted on the field for his gameness has given up the fight in the face of specters of disaster. Until recently he kept his worries secret. Revelations of them to some of his comrades were soon followed by his retirement because of illness, and the Cubs who have played with Evers do not expect him ever to be one of their mainstays again.

The same fear is entertained by the Cub leaders, though they may not admit it. With Evers gone it is recognized that the Cubs will not be really formidable as pennant factors. The retirement of this one player changes the whole aspect of the National race, for Zimmerman, good as he is, is not an Evers, and with the passing of Evers the central figure of both the attack and defense of the club is lost.

PROCEEDINGS IN SENATE

Direct Vote, Lorimer and Publisher Lewis of St. Louis Are Prominent.

Washington, May 27.—The senate reached an agreement to take a vote on the house resolution proposing an amendment to the constitution for the direct election of senators before the adjournment of the senate on June 12. Meanwhile under the terms of the agreement the resolution will remain the unfinished business of the senate.

The expected disposition of the resolution for an investigation of the Lorimer case did not take place. Senator LaFollette did not get an opportunity to conclude his speech.

Senator Jeff Davis of Arkansas made an attack on the postoffice department for the manner in which it had handled the case against E. G. Lewis, a St. Louis publisher. Senator Burton of Ohio made reply, likening Publisher Lewis' business schemes to Colonel Sellers' ventures. The Ohio senator declared that the postoffice department should be commended instead of being condemned for its activity in protecting the public against speculative ventures.

Grosvenor Boosts for Taft.

Washington, May 27.—General Chas. H. Grosvenor, the "Sage of Athens," for many years a member of congress and such a famous political prognosticator that he was known as "Old Fingers," drifted around the capital, boosting Taft's presidential chances in 1912.

DIVERS EXAMINE LINER

Ten Feet of Ivernia's Plating Opened by Crash—Vessel Flooded.

Queenstown, May 27.—Divers examined the Cunard liner Ivernia, which was beached off Whitegate after having struck Daunt rock while bound here from Boston with 728 passengers, all of whom were landed safely.

It was found that ten feet of the vessel's plating had been opened abut of the collision bulkhead. At high water the deck was submerged. Four compartments are filled with water, and all of the others, except one, are partly flooded.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by Frank Smith, druggist.

The Height of Clouds.

"How high are the clouds?" Many varying answers have been returned to this question and in fact it may be added that there is no fixed height for any kind of cloud. Some remarkably interesting measures of the height of clouds were made at Vienna by an ingenious method. Advantage was taken of the extremely brilliant light furnished for the great illuminated fountain erected not long ago in that city. By means of a projector it was found that a beam of light could be sent up to the clouds, producing upon them a luminous spot capable of being observed simultaneously from points on the earth two or three miles apart. By such observations the height of certain clouds of the cirrus variety was found to be as much as 1,000 meters, or nearly 3,300 feet.

40 at U and I Supper.

The supper which the U and I Helping Hand society gave Friday evening for the G. A. R. encampment fund was attended by about 40, but the eatables they had provided were so greatly in excess of what were used that the supper will be repeated this evening at their hall, and it is hoped that the patronage will be such that the ladies will be able to turn over as large an amount as their generous wishes dictate to the G. A. R. encampment fund.

CHILDREN'S HAIR

Keep It Free From Dandruff and it Will Grow Lovely

Being the best hair dressing for men and women, Parisian Sage is also best for children. Try it once and see how clean and healthy it keeps the scalp.

"My daughter used Parisian Sage on her children's hair, and it is as good as you recommended it to be."
—Hannah Anderson, 1021 Divine St., Columbia, S. C.

Here is what a North Dakota woman says:

"Parisian Sage certainly has done my hair a lot of good, and will highly recommend it as a very good tonic for the hair. Have used various kinds of tonics and have found Parisian Sage the best. I have my head free from dandruff now, and it has a healthy lustre and has an even color. It used to be streaky. Many of my friends are using it and they speak highly of it."
—Mrs. Anna Rooney, 101 Second St., N. Fargo, N. D.

Always bear in mind that there is nothing for the hair that can compare with Parisian Sage. There are many imitations but none of them are guaranteed to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

A large bottle costs 50 cents at Duane Spaulding's and druggists everywhere. The girl with the Auburn hair is on every bottle.

An Enjoyable Contest.

The Amateur Musical and Oratorical contest which the B. Y. P. U. held Friday evening at the home of Rev. and Mrs. Marshall H. Pettit proved to be a very jolly affair. It was attended by sixty-five people. The judges were Mrs. R. R. George, S. E. Howe and E. C. Stitt, and they awarded the prizes. The Carnival quartette, wearing gorgeous peonies of red and consisting of Mrs. Ingraham, Mrs. McFetridge, Mr. Fletcher and Mr. Rowe, received one of the prizes. Miss Mabel Brooks and Vern Pettit received a prize also for a duet and Mrs. N. C. Carpenter and Miss Nellie Sherwood captured the third with a humorous dialogue. The silved collection came to \$8.30.

Mrs. Hampshire and daughter, Al-tavene, of Detroit are the guests of Mrs. Alice Roberts for a few days.

BOY SCOUTS

Uniforms will be ready for delivery all day Monday, May 29th, at Sullivan-Cook Co.'s.

FIRE DESTROYS
BURBANK TANNERY

The fire department was summoned at 2:50 this morning to the old tannery on East Forest avenue owned by A. F. Burbank. The fire seems to have been produced by spontaneous combustion and the building was entirely consumed except for a small portion. The loss is estimated at nearly \$1,000 and was largely covered by insurance. As soon as the claims have been adjusted Mr. Burbank proposes to erect a building there better than the one burned.

SPECIAL PROGRAM
PLANNED FOR EXERCISES
BY D. A. R. SUNDAY

The boys in the Ann Arbor club are expected to participate in the exercises which will be held Sunday at 3 o'clock at Carpenter's Corners, under the leadership of the Ann Arbor chapter of the D. A. R. The public is invited these exercises, which are held in memory of the Revolution soldiers who are buried in that cemetery. This old, once-abandoned cemetery has been restored by the D. A. R. The chapters in Ypsilanti and Ann Arbor alternate in holding Memorial exercises there, and this year it is the turn of the Ann Arbor ladies.

W. R. C.

The W. R. C. ladies are requested to meet at 9:45 Sunday morning at the M. E. church and go in a body to the service which will be held in that edifice in observation of Memorial Day.

Monday afternoon the W. R. C. are requested to meet at G. A. R. hall to make wreaths.

Tuesday at noon the W. R. C. will serve a lunch at the G. A. R. hall to the G. A. R. and their families.

Those who wish to contribute flowers should bring them to the G. A. R. hall, either Monday afternoon or Tuesday morning. It has been the custom of the Corps to attend first to the thirty-five graves of the 'Unknown' at Highland and then to do what they could for the remaining graves. Never have there been sufficient flowers on Memorial Day. With something like 200 graves to care for, this becomes a matter that demands the help of all. The ladies are asking for no financial assistance in their Memorial Day plans this year, but if the school children will make the customary donation of flowers and if the citizens will transfer the products of their gardens for one day to Highland, it will be appreciated by the W. R. C. and the G. A. R.

CARD OF THANKS.

Miss Marion Blair wishes to thank the friends who so kindly aided her in winning the beautiful diamond ring at the Carnival Friday evening.

H. S. STUDENT

(Continued from Page 1)

no particular interest in the success of the enterprise beyond fooling the public as to their personal value and getting as much personal profit as possible.

It may be argued that as our municipal water plant has proved a success a public gas plant will do the same. It must first be understood, however, that it is an entirely different proposition to supply a city with gas, from what it is to supply it with water. The water is altogether natural, its quality is fixed by God and it has only to be pumped to its destination at the stand tower. This is almost all of the responsibility resting upon the shoulders of the directors of the water plant. The production and distribution of gas is far more difficult and complex. While the water is natural and easily obtained, the gas has to be produced by considerable expenditure, but most of all by expert men, whose brain power and long experience decide the quality of the gas given.

There are many objections to the municipal control from the practical business standpoint. The municipal managers often are so hampered by requirements that all freedom of action is lost, and delay and red tape are added to the list of difficulties to be overcome by the plant.

Another point of objection to municipal control is that the wages paid are almost in the hands of the employees. Suppose they should demand a large increase in pay, far above what they should receive. This would probably be granted, because there is no one in authority over the institution who would gain anything by fighting their demands. The superintendent who opposed them would lose the votes and support of the employees and their sympathizers and he needs those things in his business.

I do not maintain that private control is greatly superior to municipal control, but I do consider that the few private failures, are not so glaring as the hundreds of similar failures of public corporations.

There are not many municipally-run gas plants in the United States. It has been tried in a large number of places and has proved impractical. The backers of municipal ownership are continually pointing out a few cities where the venture has proved a success. These cities are proud of it and advertise it. But little is said about the many cities which have tried municipal ownership in one form or another and have found it impractical.

Philadelphia offers an example of a public gas plant in a large city. Philadelphia had not suffered from the franchise grabbers, but the citizens decided to try municipal ownership. The plant was bought and started running. The first thing that happened to the surprised citizens was an increase in rates and a noticeable decline in service. Soon the plant became a refuge for broken-down politicians and political workers. In spite of high rates and poor service, the city was forced to assist the municipal management and advance considerable sums to maintain the plant. Not only this but the plant in a few years ran up enormous debts. Finally the citizens were glad enough to return to private control.

The city of Philadelphia tried municipal ownership of the gas plant and found it a failure. What assurance have we that this would not be the case in Ypsilanti?

Let us look at home for a moment. I spoke above of the local water works. I said then that it was a far easier thing to pump water than to manufacture gas. But has even the water works proposition here been a complete success? Most emphatically, no, far from a complete success. Possibly we have been getting our water at a lower rate than we would have paid to private owners, and the owners would have been entitled to ask a little more than just enough to pay expenses and to pay interest on \$125,000 indebtedness. Most business men in borrowing money to start in business expect to make enough to pay their debt as well as their interest or they will hardly be rated as successful. Twenty-two years ago the city of Ypsilanti issued bonds for or borrowed \$125,000 for 30 years to build the water works. These bonds mature in just eight years and yet not a cent is provided for their redemption. What is to be done? Raise this amount by sudden taxation or let this mortgage hang over us for another 30 years while we continue to pay out \$100,000 a year interest or possibly more because these bonds will be issued on depreciated security. Who is responsible for this state of affairs? The water board says that it has tried to start a sinking fund to pay off this \$125,000 but that the council has not allowed them to do it. The council says that the people would not stand for the increased rates. And now what do the people say? They, some of them, will have their say in eight years. What is the cause of all this say? No one responsible. No one at the head. The motto is, "pay not today what you can put off till the morrow."

Will it be any better with the gas works in the hands of the city? Does it look like it will be run as a business proposition or simply be run? I think these questions are deserving of careful consideration before we go into debt another \$100,000 or \$200,000.

All stores and meat markets in the Merchants' Delivery Association will be closed all day Tuesday, May 30, (Memorial Day). Please give Monday orders as early as possible.
